### Outreach & Enrollment News

- **Health center O/E assistance workers** provide valuable support to individuals seeking information and assistance with enrollment in every state in the nation. As such, HRSA would like to reiterate that health center O/E assistance workers are required to comply with all training requirements and any additional state and federal requirements. HRSA expects health centers to provide oversight of O/E workers and take appropriate actions to ensure compliance with these requirements. HRSA will continue to provide additional guidance as it becomes available.

- **Marketplace enrollment numbers announced** —HHS Secretary Sebelius announced that 106,185 individuals had selected plans from the Marketplace as of November 2. Health centers nationwide are contributing to this effort. Read the full report on the "Initial Enrollment Related Activity in the Affordable Care Act Marketplaces".
