What's New

• **Update: 340B Recertification** – Annual recertification of 340B program eligibility for HRSA health center grantees and look-alikes will begin on **Monday, February 10, 2014**. Health center grantees and look-alikes must recertify their site and contact information in the 340B database. HRSA will automatically update the database to match information on file in HRSA’s electronic handbooks system (EHB) but authorizing officials should review any changes and certify that all data is accurate. Major discrepancies should be brought to Office of Pharmacy Affairs’ (OPA) attention via e-mail to 340b.recertification@hrsa.gov.

General questions on recertification can be directed to ApexusAnswers, a service of the 340B prime vendor program, at 1-888-340-2787 or by e-mail to ApexusAnswers@340bpvp.com.

View more information on 340B Recertification.

• **Check out HRSA’s New Grantee Spotlight** – Erie Family Health Center in Chicago, Illinois has excelled in achieving and maintaining high rates entry into early prenatal care. Read HRSA’s New Grantee Spotlight to find out how they have achieved this success.

• **What’s Your Story?** Individuals from across the country have been sharing their stories about benefitting from the Affordable Care Act with HHS.
